

DURJOY MAJUMDAR

CYBERSECURITY ENTHUSIAST | STUDENT | SECURITY RESEARCHER

+91-78109 76687 | durjoymajumdar02@gmail.com | [LinkedIn](#) | [Credly](#) | asokakrsna.github.io

Education

- Indian Institute of Technology (IIT) Patna** - MTech in CSE CPI - 8.73 out of 10.00 | 2025-27
- KL University** - B.Tech in CSE ; CGPA - 9.19 out of 10.00 | 2021-25
Specialization in Cybersecurity & Blockchain Technology.
- Govt. Shamsur Rahman College** - Higher Secondary; Science major. GPA - 5.00 out of 5.00 | 2019-21

Experience

Junior Research Associate, Security Lab, IIT Patna | [Bihar, IN]

NOV' 25 - 'PRESENT

- Working on blockchain Security. Currently Building a local blockchain testbed to support security testing and attack simulation.

Research Associate (Intern), SRG Laboratory, KL University | [Andhra Pradesh, IN]

NOV' 24 - JUL' 25

- Maintained lab systems, built automation scripts and scheduled HPC jobs to support research workflow.
- Explored audio analysis, speech synthesis and voice-based authentication.
- Developed and maintained the WiSSAP 2024 website.

Student Peer Mentor & Teaching Assistant, KL University | [Andhra Pradesh, IN]

APR' 22 - JUN' 24

- Mentored 100+ undergraduates across 7 core security courses, achieving 80% positive feedback.
- Conducted 20+ Study sessions, provided coursework guidance and assisted in lab.

Technical Chair, White Hat Hackers Club, KL University | [Andhra Pradesh, IN]

MAY' 23 - MAY' 24

- Coordinated 15+ events with 1500+ participants, achieving 85% satisfaction rate.
- Crafted 20+ CTF challenges across 3 difficulty levels, completed by 300+ participants.
- Provided guidelines to students to grow in Cybersecurity. Delivered 10+ technical sessions.

Skills

- Technical Skills:** Log analysis, Malware analysis, Threat hunting, Incident response, SIEM implementation.
- Tooling:** Splunk, Wireshark, Nmap, GNS3, Autopsy, Volatility, Snort, Suricata, Sysinternal Toolkit and more.
- Software Development:** HTML, CSS, Js, C, Bash, Powershell, React, NodeJS, Django.
- Additional:** Experienced in academic research writing and methodologies, with proven collaborative success.

Research Publications

- Hybrid Machine-Deep Learning Ensembles for English, Bangla and Banglish Spam Text Detection. IEEE Punecon'25 | Awaiting
- Beyond Text: Nefarious Actors Harnessing LLMs for Strategic Advantage. ISCS'24 | IEEE Xplore
- Beyond Copy-Pasting - Contextualizing LLMs for Secure Code Generation. ICICDS'24 | SpringerNature
- Shadow ARP-ing for ARP Poisoning Detection. ICACCS'23 | IEEE Xplore
- Mitigating Software Dependency Hallucinations in LLMs: An emerging Supply Chain attack vector. IEEE:Comm

Projects

- AI4ECN-Novel AI enablers and systems for Edge-Cloud-Network Continuum** - Represented KL University as a student researcher in a €7.5M Horizon Europe project, collaborating with 17 international partners including UCL and Telefonica, with additional ₹1.5Cr DST India funding upon selection by EU.
- Logalyzer** - In house log analyzer for detecting potential threats, triaging and remediating. (SIH 2023)
- WeCrypt** - A tool to recover and decrypt wechat messages in an forensic environment. (Kavach 2023)
- Web Development** - wissap.kluniversity.in, srivinayakapackers.in.
- Vibe-coded** (Out of personal interest of solving problems.) - [OSPdfReader](#) , [AsokaKrsna's Thoughts](#) , [TriArchia](#) , [WhatsNext](#) and SenereRead.

Community Project

- **CyberMasteryGuide** : An open-source, beginner-focused cybersecurity learning pathway, created to provide a curated and structured entry into the field. Published on GitHub under the MIT License.
- **TheEternalToolbox** : An ongoing project curating security tools, threat intelligence sources, and databases to streamline cybersecurity learning and reduce time spent searching for resources. Will be available soon under CC BY-NC-ND 4.0 license.

Certifications

- | | |
|---|-----------|
| • TryHackMe - Security Analyst Level 1 (SAL1) | APR' 2025 |
| • OCI GenAI Professional. | JUL' 2024 |
| • Microsoft AI-900 (Azure AI Fundamentals). | JUN' 2024 |
| • Fortinet Certified Cybersecurity Associate. | MAY' 2024 |
| • Google Cybersecurity Professional. | FEB' 2024 |
| • Juniper Networks Certified Associate, Junos (JNCIA - Junos). | MAY' 2023 |
| • (ISC) ² Certified in Cybersecurity SM - CC. | DEC' 2022 |
| • Google IT Support Professional. | NOV' 2022 |

Achievement & Honors

- ICCR Scholar at IIT Patna - The most prestigious fully funded scholarship awarded by the Govt. of India
- Finalist - SIH'23 (Worlds biggest open innovation model) & KAVACH 2023 (National Cybersecurity Hackathon).
- SII (Study In India) Scholar. An scholarship awarded to 250 students worldwide by the Govt. of India.
- Top 1% in TryHackMe global leaderboard, top 1% in LetsDefend global leaderboard and active CTF player.
- Received conference grant to attend Seaside Cybersecurity Conference 2025.
- Research Advisor, White Hat Hackers Club, KL University.
- Head of quality assessment, Student Activity Center (SAC), KL University.
- Recognized as LinkedIn's Cybersecurity Community Top Voice (Golden Badge) for contributing to articles.
- Head coordinator, Winter School for Speech and Audio Processing (WiSSAP-2024)
- Nationalist of the Extraordinary Talent Hunt competition 2019 (Science Section) - Awarded by the education minister.
- Multiple state level debate championship awards.
- Co-founder and Head of Cybersecurity Wing - LaShido Tech Society
- Co-founder and Vice President, GSRC Science Club - fostering hands-on practice and learning of science and technology for college students
